Dear Mr. Martin,

It is with great pleasure that I write to commend Los Angeles CBS Radio Stations K-EARTH 101.FM and KTWV 94.7 FM for the outstanding service they provide in our community through the programs "Community Lights" and "It's Happening" and through public service announcements.

My Stuff Bags Foundation provides duffels of new belongings to abused, neglected and abandoned children who often enter crisis shelters with nothing of their own. Like many nonprofit organizations, we depend upon grassroots support to accomplish our mission. CBS Radio helps us build this support by providing on-air exposure through their unique public affairs programming.

Public Affairs Director Vivian Porter does an incredible job of bringing the story of the My Stuff Bags Foundation and of many other non profit organizations to the attention of the listening public. I have found her to be insightful, professional and empathetic to the causes she presents.

It is crucial to the success of the My Stuff Bags Foundation to get our message across on the airwaves so that we may continue meeting the needs of thousands of abused and neglected children in America. We are very grateful to CBS Radio for their continuing support of community nonprofits.

Sincerely,

  
Janeen Holmes
